B	4	4x10mm Screw (Big head)		F	2	Plastic Mat	
C	1	Screwdriver		G	2	4x10mm Screw (Small head)	
D	1	Spanner		H	Several	Spare Parts	

Tips for using the whiteboard

1. Each whiteboard is covered with a plastic protective film that aims to protect the surface of the product. Please make sure that you have peeled it off before using.
2. For the pens, it is recommended to use a water-based pen for all our whiteboards because of the special material of board (Please don't use oil-based pens).
3. For the board surface, if the board looks dirty, please wipe it with a damp cloth or wet tissue, or you can use the whiteboard cleaner/lightly-dampened alcohol, so the board can be used just as new after drying.
4. Before using, check the board surface if it's clean, no dirt, no water stains or no alcohol residue on it.
